ABOUT THE CERTIFICATION PROGRAM

The NAID Certification Program is offered on a voluntary basis to all NAID member companies providing information destruction services. NAID members may seek certification Mobile and/or Plant-based Operations in Paper/Printed Media, Micro Media, Physical Hard drive and Non-Paper Media destruction. The NAID Certification Program establishes standards for secure destruction process including areas in security, employee screening, operational destruction process and insurance.

NAID Members seeking initial Certification are required to submit the most current Certification Application and applicable fees to NAID Headquarters. Once the completed application is received an auditor is assigned to perform the initial audit. All audits are performed by security professionals with the Certified Protection Professional (CPP) accreditation issued by the American Society for Industrial Security.

Upon completion of a successful audit, the member is issued a certificate including their company name, type(s) of operations and endorsements for that location. The NAID Member is also listed on the NAID website as a certified location. This Certification is in effective for one calendar year.

Certified NAID Members are required to apply for recertification on an annual basis in order to retain their Certification. The most current Certification Application and applicable fees must be submitted to NAID prior to the first day of the month in which the current Certification expires. After the initial audit, recertification audits will then be required every other year. During the years in which an audit is required, the process for initial audits will be repeated. For non-audit years, Certification will be awarded once a completed application and applicable fees are received, prior to the expiration date.

Under the above program, the certification application and applicable fees cover only individual locations. If a NAID member operates in multiple locations, each location must submit an application and pass an audit to be certified. NAID members who receive certification must specify which location is certified in company literature when referencing the NAID Certification Program.

The following packet is designed to help further familiarize applicants with the NAID Certification Program and to clarify the specific information required to have a successful audit and maintain certification. Additional forms can also be found at www.naidonline.org. NAID is committed to maintaining the integrity of the Certification Program and is here to assist your company in achieving Certification. Any questions can be directed to certification@naidonline.org.

The NAID[®] Certification Program

DEFINITIONS

The following are definitions of words or terms used in regard to the NAID Certification Program.

ACCESS INDIVIDUALS – Individuals who have access to, or who can grant or authorize access to the Confidential Customer Media to be destroyed at the Company’s location, including but not limited to 1) employees, 2) agents of “sub-contractors” as defined herein, or 3) others providing any type of services to the applicant company that allows access to any area in which Confidential Customer Media is accessible. For NAID Certification, Access Individuals also include officers, directors, owners, partners of the company or other individuals who have access to, can grant access to, or authorize access to the Confidential Customer Media to be destroyed at the Applicant Company’s location.

ACCESS NON-EMPLOYEES – Access Individuals who are not employees. This subset of Access Individuals is distinctly identified because of background screening requirements that apply to this category.

BRANCH/LOCATION – Any facility or place operated by a Company where 1) Confidential Customer Media is destroyed; or 2) stand-alone support is provided for Mobile Operations.

BIN TIP –The process of servicing a collection bin or exchanging bins containing Confidential Customer Media to be destroyed.

COLLECTION FACILITY – A facility separate from a secure destruction facility where Confidential Customer Media is stored exactly as accepted from a customer, with no further modification of packaging and no access or processing by staff after collection. Confidential Customer Media for destruction may not be stored for a period longer than 3 business days before being transferred to a secure destruction facility.

If Confidential Customer Media is stored in a facility longer than three business days, the facility is classified as a Transfer Processing Station (*see definition and application criteria for details*).

In the event that the Company location maintains its own commercial records storage center, and stores/stages Confidential Customer Media generated for destruction from that facility exclusively, the facility is NOT considered a Collection Facility. However, if a records storage center is also used to store Confidential Customer Media on an intermediary basis while in transit from customer location to a separate destruction facility, it is then classified as a Collection Facility.

A Collection Facility must meet all program Operational Security requirements (*see section 2 in the criteria*) as a destruction facility with the exception of a CCTV monitoring and recording system.

COMPUTER HARD DRIVES – The memory storage device used in conventional Desk Top Personal Computers (PC) and most Laptop Computers, consisting of a rotating metal platter using magnetic charge to store digital code. Excludes micro chips, micro processors or storage devices typically found in PDAs, cell phones, or USB storage devices.

CONFIDENTIALITY AGREEMENT – An Agreement in which all Access Individuals acknowledge they will keep any customer media and information secure and confidential. A Confidentiality Agreement having concepts substantially similar to the sample document available to all NAID members must be signed by all Access Individuals and Non-Access Employees, and the Agreement must be kept on file by the Company. Where it is not practical to have such an Agreement directly with an individual, a letter from the Subcontractor, verifying that such an Agreement has been executed by any of their agents who would be provided as an Access Individual, would be acceptable.

CONFIDENTIAL CUSTOMER MEDIA – Documents, papers, records, or other media received by the Company from customers for destruction.

EMPLOYMENT HISTORY VERIFICATION – A verification of all prior employment held by an employee of the Company over the past 7 years; the verification may be conducted internally or outsourced, at the discretion of the Company

FLASH MEDIA – Digital electronic storage devices that use non-volatile memory chips for writing and storing data. Examples of media using this type of micro processing technology include, but are not limited to, USB storage devices, PDAs and cell phones.

MAGNETIC MEDIA – Storage devices that use patterns of magnetization to imprint data on plastic or metal that has been coated with iron oxide. Examples include, but are not limited to, magnetic tapes and floppy disks.

MEDIA – Any form of confidential or protected information-containing mediums to be destroyed, including but not limited to paper, microfilm, microfiche, X-rays, ID badges, credit/debit cards, computer hard drives, magnetic or digital tapes, disks or cartridges.

MICRO MEDIA - Microfiche and Microfilm

MOBILE OPERATION – Secure destruction activities carried out using mobile commercial-grade destruction equipment that destroys Confidential Customer Media within an enclosed and securable vehicle (truck or trailer) at the customer's site.

NAID Certification, Certified, Certification, AAA Certification, Certification Program, Program - Words used interchangeably throughout the NAID Certification Program information referring to NAID Certification or to identify a facility or company that meets all NAID standards regarding security and other operational characteristics.

NON-ACCESS EMPLOYEES – Employees of the Company who are restricted from access to secure destruction areas and other areas where Confidential Customer Media is accessible or who have not been through, or cannot be fully vetted for the NAID Certification employee screening requirements. These employees must be accompanied, supervised, or escorted by an Access Employee at all times when in presence of Confidential Customer Media to be destroyed. Also see Visitors.

NON-CITIZEN EMPLOYEES – Employees who are not citizens of the country in which the Company location is operated.

NON-PAPER MEDIA – Any type of media on which information is stored, but which does not qualify as Paper or Printed Media, Micro Media (micro fiche and micro film) or Computer Hard Drives. Subcategories may include, but are not limited to, Optical Media, Magnetic Media and Flash Media.

OPTICAL MEDIA – Digital electronic storage devices that use laser technology to write and read data. Examples include, but are not limited to, CDs, DVDs, CD-ROMs and DVD-ROMs.

PAPER OR PRINTED MEDIA – Information printed on paper or other material that can be read by the naked eye without the assistance of a special device, such as documents, ID badges, credit/debit cards and photos.

PLANT-BASED OPERATION – Secure destruction activities carried out using fixed-location commercial-grade destruction equipment that conducts the entire process, including the staging, destruction, baling and storage of destroyed materials, within a secure building environment.

PURGE – An information destruction project that is defined by the service provider and client as an inordinately large amount of Confidential Customer Media to be destroyed.

SUBCONTRACTOR - Any entity the Company uses to provide services that are an integral part of the Company's destruction service program and whose employees or agents have access to Confidential Customer Media to be destroyed. Examples include providers of temporary staffing, transportation, etc. *Use of another destruction company for remote locations, projects or other special circumstances must be represented to the Company's clients as NOT NAID-Certified, unless such company is currently NAID Certified for the work being performed - these destruction companies do not need to be submitted as Subcontractors.*

TRANSFER PROCESSING STATION – A facility without destruction capability, and where Confidential Customer Media destined for a destruction facility are batched, sorted, cleaned or repackaged within the facility; or a facility where Confidential Customer Media is stored for more than three business days while in route to a destruction facility.

A Transfer Processing Station must meet all the same program Operational Security requirements as a destruction facility (*see Application criteria requirements*).

VISITORS - All individuals who may enter the secure destruction area/facility or enter an area/facility with Confidential Customer Media for destruction and who are 1) not employed by the Company, 2) working as (or for) an independent contractor for the Company, 3) otherwise providing services for compensation to the Company, &/or 4) employees from another division or Company location who have not met all of the NAID Certification Employee Screening requirements and are not wearing a Photo ID badge, are considered Visitors. All Visitors must sign a Visitor log maintained by the Company, be provided a Visitor badge and be escorted or under the supervision of an Access Individual at all times while in the secure destruction building or area with Confidential Customer Media for destruction. This includes, but is not limited to, current or prospective clients, service providers such as vending machine distributors, mechanics or technicians, or employees as noted above.

Employment Information Disclaimer

All organizations applying for NAID Certification are expected to comply with any and all national, state, local, or other laws regarding the collection, maintenance and disclosure of employee information, and all laws regulating employment practices, in the jurisdiction governing the location for which the applicant Company is applying for NAID Certification or does business. NAID is not responsible for the compliance of its individual NAID Certified members. Therefore, if the applicant Company believes that anything in this Application or the audit process is, or may be, in violation of any laws applicable to the applicant Company, such Company must notify NAID, concurrently with the submission of its NAID Certification Application or during the audit, as applicable, of the practices or disclosures which are believed by the applying organization to be in conflict with or in violation of any relevant laws. In addition, such notification must include a statement of and citation to the applicable law, code, ordinance or other legal authority. NAID will then analyze the law, code, ordinance or other legal authority to determine whether the applicant Company may be exempted from the particular criteria, practice or disclosure. NAID will notify the applicant Company in writing of such determination.

In addition, a particular requirement of this application, although permissible under applicable laws and regulations, may violate applicable laws and regulations if applied in an impermissible manner, particularly in regard to hiring and retention practices. You should consult your own legal counsel to determine whether your hiring and retention policies and practices comply with all applicable laws and regulations.

Additional Required Materials: (Must use NAID Approved Forms. To be submitted with application.)

- 1) **Access and Non-Access Employee List** - A list of all employees indicating job, date of hire, citizen and access/non-access.
- 2) **List of Destruction and Collection Vehicles** – A List of all destruction and collection vehicles including the vehicle make and model, VIN, license plate number and the state the vehicle registered.
- 3) **List of Recipients of Destroyed Media** – A list of all companies who receive the destroyed media and are responsible for disposition of materials (pulping, incineration, smelting, etc.).
- 4) **Subcontractor list** (if applicable) – A list of all companies used to subcontract any part of the information destruction process.
- 5) **Special Consideration Letter** (only applicable for hardship) – Letter requesting a temporary or conditional qualification for a specific NAID Certification criteria; only considered under extreme or special circumstance. Applicant must submit a written request identifying the specific hardship or special circumstance for consideration, and state how the applicant will achieve the intent of the criteria given their circumstances. The NAID Certification Review Board will review and respond to all requests.

We agree with and are bound to the following: (Please sign on bottom to indicate agreement with the following items.)

1. NAID Certification is optional and is not required for NAID membership.
2. The Company is an Active or Franchise Member of NAID in good standing and with no outstanding debt to the association. In order to gain or maintain NAID Certification, the Company must be a NAID member in good standing.
3. Owners or Senior management of the Division of the Company that conduct the secure shredding operation have read and understand the NAID Certification Audit Methodology, which makes clear the documentation, facilities and equipment that each location will be required to have available and immediately accessible to the NAID Auditor.
4. Any failure to make accessible for inspection all documentation, facilities, and equipment on the date, time and location identified on the *Auditor Assignment & Confidentiality Agreement* (Appointment) Form may result in failure to be NAID Certified, forfeiture of the application fee, additional fees for the failures, re-auditing or other expenses, and/or require that we reapply if we want to pursue this credential. Also, failure to meet the criteria for the type(s) indicated on this application may be considered a failure of the audit.
5. All application fees are non-refundable, except in the instance where the NAID Auditor fails to conduct the audit on the date, time and location indicated on the *Auditor Assignment & Confidentiality Agreement* (Appointment) form; and when, in such circumstance, the Company decides to withdraw their application.
6. At no time will the label “NAID Certification” or “NAID Certified” be applied, referenced or inferred to facilities or operations of the Company where 1) the location and operating details related to the facility or operation have not been specifically and formally provided to NAID for participation in the NAID Certification program, or 2) the facility or operation does not have any involvement related to the collection, transport, processing and/or destruction of Confidential Customer Materials.
7. The Company must reapply for NAID Certification on an annual basis, prior to the expiration of the current NAID Certification. If the Company chooses not to reapply and/or not to submit to the required audit, it will result in loss of NAID Certification. Loss of NAID Certification will not affect NAID membership.
8. The Company understands that NAID Certification status is public information. Information regarding renewals, lapses, certified operations and endorsements, Company contact information, and the Certification expiration date are displayed on the NAID website and made available to email subscribers.
9. The Company will hold NAID harmless from any claim of damage or loss as a result of the Company’s failure to achieve NAID Certification.

10. The Company agrees that any location seeking NAID Certification will be NAID Certified for Micro Media (Microfiche and Microfilm) destruction **only if** the Company: 1) indicates in the application for such location that the location possesses equipment that meets the required specification; 2) the equipment was inspected by the NAID Auditor at the time of the NAID Certification audit; and 3) the destruction is being performed at the location (generally only at plant-based operations) for which the Company is seeking NAID Certification.
11. The Company agrees that any location seeking NAID Certification will be NAID Certified for Computer Hard Drive destruction only if: 1) the Company has an established and published standard destruction method for physically destroying computer hard drives; 2) all Customers receiving Computer Hard Drive Destruction services have agreed to or have been notified in writing to these standard procedures or other specific procedures; 3) these standard procedures have been demonstrated to the NAID Auditor during the NAID Certification audit of this location; and 4) the destruction is being performed at the location (generally only at plant-based operations) for which the Company is seeking NAID Certification.
12. The Company understands and agrees that if a location becomes NAID Certified for Mobile Operations only, then the Company must always destroy while on or near the Customer's premises unless the Customer has agreed in writing (including notification to the Customer by e-mail or as part of the Customer's agreement with the Company) to permit destruction at a site remote from the Customer's location. If the Company's mobile unit performs the shredding away from the Customer site without such written consent or notice, the Company will be considered to be no longer following the Mobile Certification standards and may be subject to review and investigation by the NAID Certification Review Board.
13. The Company understands and agrees that if the Company is applying for Plant-based Operations, the Company must maintain at least 90 days of CCTV recordings for each plant or Transfer Processing Station and must be able to produce them during the time of an audit. If the Company is unable to produce the 90 days of recordings at an audit, the Company may be subject to a reaudit, including associated costs for this re-audit.
14. The Company understands that the specifications and fees for NAID Certification are subject to change at the discretion of the NAID Board of Directors.
15. All of the Company's employees are legally registered to work in the country to which this Application applies, and the Company has all necessary documentation to confirm this (see the Employment Information Disclaimer).
16. The Company understands that it is responsible for ensuring that background checks of current and prospective employees and any use of consumer reports for employment purposes comply with the mandates of the Fair Credit Reporting Act, 15 U.S.C. 1681 et seq.
17. If restrictive employment agreements are in place that would prevent the Company from conducting drug screening and/or criminal record searches, the Company will provide a detailed description of such restrictions with this application.
18. The Company understands that random Unannounced Audits are part of the NAID Certification Program. Only if asked and not a hardship, the Company will allow access to a NAID Auditor for purposes of conducting such Unannounced Audits.
19. The Company understands that the NAID Certification Review Board tracks verified reports of certification non-compliance per company/location and may issue fines and/or sanctions or recommend removal of certification for certification violations, in accordance with the Certification Review Board Guidelines. Such fines and/or sanctions are in addition to any remedial actions ordered by the Certification Review Board (CRB) to bring the operation back into compliance. All fines must be paid within 30 days, unless the Company chooses to appeal the CRB's decision, in which case a formal appeal must be submitted to NAID Headquarters no later than 45 days after the date of notification of the fine/sanction. The Company understands that the NAID Complaint Resolution Council (CRC) will review appeals of CRB fines/sanctions, and the Company will be granted the opportunity to provide spoken testimony within 30 days of the formal submission of the appeal. The NAID Board of Directors will review the CRC's recommendation and make the final decision on all appeals. The Company will accept the ruling of the NAID Board of Directors as final and seek no further remedy, legal or otherwise.
20. The Company understands and agrees that the NAID Auditor may inspect and test its access control systems related to the facilities, containers and vehicles used to provide secure destruction services during announced and unannounced audits and will not consider such inspection and testing to be a violation of the law, provided such inspection and testing does not result in property damage or the risk of personal injury and is undertaken solely for the purpose of ascertaining compliance with NAID Certification.
21. At any time during the application and/or audit process or after NAID Certification is approved by the NAID Certification Review Board, the Company acknowledges that NAID, its agents and/or the NAID Auditor may investigate or require additional information or documentation from the Company in order to verify information on this Application or the NAID Certification criteria.
22. The Company understands and agrees that all of its employees and agents will refrain from any false or misleading claims, suggestions or references regarding NAID Certification, including but not limited to such claims used in advertising produced in advance and/or in anticipation of NAID Certification at some future date.
23. If the Company has a change in address, ownership, or the operations/services it offers to Customers any time during a pending NAID Certification application or audit, or while the Company is NAID Certified, the Company must notify NAID in writing within 15 business days of this status change. **Failure to do so may result in fines, sanctions and/or revocation of NAID Certification.**

24. The Company understands and agrees that should it undergo a change in controlling interest in ownership, it will notify the controlling interest that written verification must be provided to NAID within 30 calendar days of the date the acquisition is final. The written notice must also state that the controlling interest will continue to operate within NAID Certification standards under the new ownership, and that it will submit to an audit within six months of the date the acquisition is final. Failure to apply for, or to successfully pass an audit under the new ownership may result in removal of certification.
25. If the Company is certified for plant-based operations, the Company agrees that should it relocate to a new location it will provide to NAID written verification within fifteen days of the date of the move that the Company will continue to operate within NAID Certification standards at the new location, and that it will submit to an audit within six months of the date of the move. Failure to apply for, or to successfully pass an audit at the new location, may result in removal of certification.
26. The Company agrees that all destruction locations will utilize Company service paperwork or contract that includes Customer acknowledgement, receipt or agreement regarding the specific service it is receiving. If destruction services rendered by the Company after it is NAID Certified are not among those for which the Company is NAID Certified, but such services could be NAID Certified (plant-based, mobile operations or sanitization operations, and/or destruction endorsements for paper/printed media, micro media or computer hard drives) and/or are recycling services of unshredded/intact paper, then the Customer must be notified in writing that such service is NOT NAID Certified. This written notification may be contained on a materials receipt, certificate of destruction, current Customer agreement/contract or another written notice (including e-mail or another electronic method that may be printed) delivered by the Company to the Customer/recipient of services.
27. The Company agrees that if any location for which it is seeking NAID Certification becomes NAID Certified, then if at any time during the audit process or NAID Certification the Company elects to discontinue any or all NAID Certification operations or endorsements for such location, the Company must notify NAID in writing within 30 days of this status change and has an ethical responsibility to inform clients (aware of the Company's NAID Certification status) of the change.
28. The Company understands that ALL NAID certifiable services/operations being offered to the Company's Customers must be NAID Certified in order to gain and maintain NAID Certified status. If the Company adds a certifiable operation after NAID Certification has been approved, it has 6 months in which to apply for NAID Certification of the new operation. **Failure to apply for and/or successfully pass an audit of all certifiable operations may result in the removal of all NAID Certifications.**
29. The Company understands that the NAID Auditor does NOT approve or deny NAID Certification. The Auditor's findings will be submitted to the NAID Certification Review Board for approval, determination of remedial or corrective actions and/or additional fees necessary to approve NAID Certification, or denial of application.
30. The Company has 14 business days (as determined by the date on the notice sent to the Company regarding the results of an audit) to submit to the NAID Complaint Resolution Council in writing any protest of the results of an audit. The Company understands that the protest should clearly state the perceived reason of the failure to achieve NAID Certification and why the finding is incorrect. The Company understands that the NAID Complaint Resolution Council will review the dispute in accordance with the Complaint Resolution Council Guidelines, and any ruling on the appeal is subject to the approval of the NAID Board of Directors. The Company will accept the ruling as final and seek no further remedy, legal or otherwise, except to reapply for NAID Certification at the Company's discretion.
31. This Application is truthful and accurately represents the daily operating procedures of the Company's secure shredding operations. The Company understands that if any of its representatives willfully deceive NAID or a NAID Auditor, the Company could be immediately removed from NAID or the NAID Certification may be revoked.
32. Indications of the signatory's signature below acknowledge that I am an owner, corporate officer or official representative of the Company submitting this Application. The undersigned has full authority to request that the Company apply for NAID Certification and submit to any requisite audits, with full knowledge of the Company's operation to accurately complete the Application, and the authority to execute this agreement.

This information provided in this application is truthful and accurate. I have permission and legal authority to bind the organization to the above agreements in this application. By signing below, I agree to adhere to the above agreements.

2.1e	Applicant Claims _____ NAID USE ONLY Verified _____	The Company has a written Incident Response Plan for responding to suspected or known security incidents. The Incident Response Plan must include a post-incident business impact analysis and a process for documenting all incidents and their outcomes.	Auditor will review the Company's written Incident Response Plan to ensure there is a policy addressing post-incident business impact analysis and documentation of all incidents and their outcomes.
2.1f	Applicant Claims _____ NAID USE ONLY Verified _____	The Company has a written policy that addresses the procedures for employees to follow during an unannounced audit. This policy must name at least one person or position of contact with physical access to the information the auditor may ask to review, which is to be contacted in the event of an unannounced audit at the destruction plant or the office. Should circumstances prevent the designated point of contact from being available at the time of the unannounced audit, the Certification Review Board may request additional information to be provided at a later date.	Auditor will review the Company's written policies and procedures for their written policy instructing employees in the procedures to follow during an unannounced audit.
2.1g	Applicant Claims _____ NAID USE ONLY Verified by _____	All Access Employees must be trained annually to comply with the NAID AAA Certification requirements: <input type="checkbox"/> Option #1: All Access Employees have taken and passed the NAID Access Employee Training Program (AETP). (Submit AETP Licensing Form with application.) <input type="checkbox"/> Option #2: All Access Employees have taken and passed a third-party training course which has been pre-approved by NAID. (Submit AETP approval form and outline of training with application.) <input type="checkbox"/> Option #3: All Access Employees have taken and passed an in-house training. If NAID has not already approved the training course for this purpose, an approval form and outline of the program is included with this application. (Submit AETP approval form and outline of training with application.)	Auditor will review evidence of annual training to ensure all Access Employees have passed a training program which complies with the NAID AAA Certification requirements.

	Initial	Criteria	Audit Methodology
2.2	Applicant Claims _____	Access Employees must display a Company-issued photo I.D. badge at all times while on duty. Badges must minimally include a photo, employee name and Company name.	Auditor will inspect the Company policies and procedures manual to ensure there is a written policy for Access Employees to display a Company-issued photo I.D. badge at all times while on duty. Auditor will also inspect employees present to verify that they are wearing photo I.D. badges.
	NAID USE ONLY Verified _____		
2.3	Applicant Claims _____	While at the Customer's location, drivers and other employees of contractor must wear a specific uniform (minimum of Company shirt) to improve recognition by Customers. AGREEMENT FOR RESPONSIBLE DISPOSAL OF DESTROYED MATERIALS

(between a Secure Destruction Service and Disposal Agent)

The following Secure Destruction Service is NAID[®] Certified or seeking NAID[®] Certification and is in possession of destroyed materials as identified below that it must responsibly dispose:

SECURE DESTRUCTION SERVICE firm: _____

Address: _____

Destroyed Materials consisting of: _____

The following Disposal Agent accepts the Destroyed Materials and will responsibly dispose of these materials in the method identified below:

DISPOSAL AGENT firm: _____

Address: _____

Final Disposition Method of Materials Received: _____

If destroyed computer hard drives are being disposed, the above Disposal Agent must be registered by the International Organization for Standardization (ISO) as being compliant with the 14001 standard.

By signature below, the Disposal Agent agrees to the following in accepting the Destroyed Materials from the Secure Destruction Service:

- Disposal Agent agrees to process and route the Destroyed Material by a mutually acceptable method and to a mutually agreed destination that fulfills the obligation to keep them from entering the public realm in a manner in which they could be reconstituted (such as in packing materials or animal bedding) or that is violation of any environmental regulations.
- The Disposal Agent agrees that the final disposition method identified above will be adhered to unless notice and permission have been obtained from the Secure Destruction Service firm in writing in advance.
- The Disposal Agent understands that the decision to use their firm to accept the Destroyed Material and process it under the agreed manner is required by the NAID Certification standards.
- The Disposal Agent understands that the decision by the Secure Destruction Service to transfer the Destroyed Materials to the Disposal Agent is made only in consideration of their ability and willingness to comply with this agreement.
- The Disposal Agent agrees to process and dispose of the Destroyed Materials as agreed herein
- The Secure Destruction Service also agrees that this is not an agreement that transfers any obligation or intention on the part of the Disposal Agent to provide secure destruction services.
